PERENNIALS

and other flowering plants

Achillea (Yarrow)

DESERT EVE™ Series ○●

Early-flowering varieties bred for vigor, compact growth and large flower heads, up to 4" across. Excellent performance, perfect in landscape or container.

'Deep Rose' Large flowers of deep rose pink. Fragrant ferny foliage.

Red Improved PP22333 Big brick-red bloom clusters.

'Terracotta' Earthy orange hue.

Yellow PP22369 Lemon yellow combines nicely with other colors.

millefolium Little Moonshine PP28179 ○●

Bright yellow flowers and gray-green foliage in a smaller, more compact size. From Must Have Perennials®.

m. NEW VINTAGE™ Series ○●

Large flower clusters in spring, with summer rebloom over medium-green lacy leaves. Uniform plant habit for excellent retail presentation.

m. Red PP25618

m. Terracotta

m. White PP25711

m. Rose PP25712

m. Violet PP25750

m. 'Saucy Seduction' PP20782 ○●

Rose-pink flowers on a sturdy, columnar habit from Must Have Perennials®.

'Moonshine' ○●

Bright, pale yellow flower heads over silvery foliage. A garden classic, introduced by renowned plantsman Alan Bloom.

Agapanthus (Lily of the Nile)

'Northern Star' PP20957 ○●

Rounded flower clusters rise on sturdy stems over strap-like leaves. Blue petals with deeper blue stripe. RHS Award of Garden Merit winner.

Agastache (Mexican hyssop)

Drought- and heat-tolerant perennials with sweet, licorice-scented foliage. In summer, hundreds of long-lasting flower spikes draw butterflies and hummingbirds.

Beelicious® Pink PP35957 ○

Dense habit with large pink flowers that rebloom all summer to fall.

Beelicious® Purple PP30614 ○

Compact habit with large purple flowers that rebloom all summer to fall. Outstanding heat and humidity tolerance.

×'Black Adder' ○

Bottlebrush spikes are covered in lilac blooms with dark-purple buds. This sterile hybrid starts blooming in July and doesn't quit until the first frost.

'Blue Fortune' ○

Blue/purple flower spikes bloom nonstop from summer well into fall. A Dutch-bred selection that draws butterflies in amazing numbers. Fragrant foliage.

'Mango Tango' PP28747 ○

Rose/peach/orange flowers cover short, aromatic mid-green foliage.

Agastache (continued)

'Rosie Posie' PP25857 ○

Lots of hot pink flowers for color midsummer to early fall.

72 Cell

Height 18–22"

Zones 5–9

rugosa 'Little Adder' PP26514 ○

Lots of lavender-blue blooms on very compact, well-branched, bushy mounds of fragrant green foliage.

72 Cell

Height 15–18"

Zones 6–10

Ajuga (Bugleweed)

reptans 'Black Scallop' ○●●

Near-black, deep-purple leaves with scalloped edges create a dense, compact ground cover. Great moisture tolerance.

72 Cell

Height 4–6"

Zones 3–9

r. 'Bronze Beauty' ○●●

Bronze leaves and blue flowers form an attractive carpet, useful for edging and as a ground cover for shady areas.

72 Cell

Height 5"

Zones 3–9

r. 'Burgundy Glow' ○●●

Puckered foliage of green and wine red with white splashes. Blue flowers in late spring.

72 Cell

Height 6–8"

Zones 3–9

r. 'Catlin's Giant' ○●●

Large-leaved variety with purple-green foliage. Blue flowers.

72 Cell

Height 10"

Zones 3–9

r. 'Mahogany' ○●●

Lush, ultra-dark burgundy-leaved ground cover with stunning bright blue flowers.

72 Cell

Height 4–6"

Zones 3–9

×tenorii 'Chocolate Chip' ○●●

A true miniature. Glossy, chocolate-brown foliage tinged with burgundy. Spikes of blue flowers in spring. Petite and charming!

72 Cell

Height 3–4"

Zones 4–9

Alchemilla (Lady's mantle)

mollis 'Auslese' ○●●

Distinctly pleated foliage forms a soft mound with chartreuse-green flowers held aloft in early summer. Superb edging plant alongside moist areas and ponds.

72 Cell

Height 18"

Zones 4–7

Allium (Ornamental chives)

'Chivette' PP30151 ○●

Light-purple ball-shaped flowers rise over slender, green arching foliage. From Intrinsic Perennial Gardens.

50 Cell

Height 12–15"

Zones 4–9

'Millenium' ○●

A sterile variety. Large 2" rosy-purple lollipop flowers in midsummer rise over glossy green strap-like leaves. **Perennial Plant of the Year 2018.**

50 Cell

Height 15–20"

Zones 4–9

Amsonia (Blue star)

Butterscotch® ○●

Like *A. hubrichtii* in general appearance, but with improved form, reddish stems, superior rich "butterscotch" fall color, and great disease resistance. Steel-blue flowers June–July.

72 Cell

Height 2–3'

Zones 4–9

hubrichtii ○●

A native with great foliage and a show of cool blue flowers May–June. Narrow foliage sways gracefully in any breeze. Gorgeous gold fall hue. **Perennial Plant of the Year 2011.**

72 Cell

Height 2–3'

Zones 4–9

Anemone (Wind flower)

hupehensis FANTASY™ Series ○●

The uniform, compact, branching habit makes this series perfect for retail pot performance. Flowering begins midsummer and persists well into fall.

50 Cell

Height 12–18"

Zones 5–8

h. 'Jasmine' PP31777 Bright pink single flowers on a tidy, compact habit.

h. 'Pocahontas' PP25352 Bubblegum pink double flowers on short, compact clumps of rich green foliage.

h. Red Riding Hood PP28799 Rich rosy-pink single flowers with golden stamens. Fluffy white seed heads maintain garden interest after petals drop.

Anemone xh. Frilly Knickers

Aquilegia c. Kirigami™ Deep Blue & White

Aquilegia c. Kirigami™ Rose & Pink

Aquilegia c. Kirigami™ Mix

Aquilegia c. 'Songbird Mix'

Aquilegia canadensis

Aquilegia xh. Earlybird™ Purple White

Aquilegia xh. Earlybird™ Red Yellow

Aquilegia xh. Earlybird™ Mix

Artemisia 'Powis Castle'

Asclepias incarnata

Asclepias tuberosa

Anemone (continued)

×hybrida Frilly Knickers PP33416 ○●

Semi-double blooms with near-white ruffled petals washed with pale lilac. Blooms from midsummer into early fall. **An award-winning selection from England.**

50 Cell

Height 18–20"

Zones 5–9

Aquilegia (Columbine)

caerulea KIRIGAMI™ Series ○○

This series is bred to flower uniformly across varieties, for easy cropping. Requires less vernalization than other columbines.

Available in:

Deep Blue & White, Rose & Pink, and Mix

72 Cell

Height 14–24"

Zones 4–9

×c. ORIGAMI™ Mix ○○

A mix of blue, pink, red, white and yellow. Bred for compact habit, great pot performance, long bloom time and large, upward-facing flowers. Requires less vernalization than other columbines.

72 Cell

Height 14–16"

Zones 3–9

c. SONGBIRD 'Songbird Mix' ○○

A sweet blend of big, early-flowering blue, pink, red, yellow, white and bicolor blooms.

72 Cell

Height 24"

Zones 3–9

canadensis ○○

A cute North American native. Charming red flowers with pale yellow corollas appear in early spring. Great for naturalizing and rock gardens.

72 Cell

Height 12–18"

Zones 3–9

×hybrida EARLYBIRD™ Series ○○

Bred for vibrant colors and a neatly mounded habit. Requires less vernalization than other columbines.

72 Cell

Height 9–11"

Zones 3–9

Available in:

Purple White, Red Yellow, and Mix.

Armeria (Sea pinks)

maritima 'Splendens' ○

Deep-pink lollipop flowers bloom over tidy mounds of rich green foliage.

72 Cell

Height 6–8"

Zones 4–8

Artemisia (Wormwood)

'Powis Castle' ○

Silvery, lacy foliage in soft, rounded mounds. Heat and humidity tolerant; a great selection for warm coastal regions.

72 Cell

Height 2–2½'

Zones 5–9

schmidtiana 'Silver Mound' ○

Finely cut silver foliage forms compact rounded mounds, soft and fluffy to the touch. Suitable for edging perennial borders, or as a ground cover.

72 Cell

Height 10"

Zones 3–8

stelleriana 'Silver Brocade' ○

Silver, near-white foliage.

72 Cell

Height 6–12"

Zones 3–9

Asclepias (Milkweed)

incarnata (Swamp milkweed) ○

Clusters of rosy-pink flowers. Upright habit. An American native, a magnet for butterflies. Prefers moist soil, but can handle normal garden conditions.

72 Cell

Height 3–4'

Zones 3–9

tuberosa (Butterfly milkweed) ○

Saffron-orange to orange-red flowers on tall stems for many weeks in midsummer. This North American native is an essential host plant for monarch butterflies. **Perennial Plant of the Year 2017.**

72 Cell

Height 24"

Zones 3–9

Aster (New England aster)

novae-angliae 'Grape Crush' PP33612 ○

Deep purple flowers are densely packed on large, round mounds. A refined late summer/fall bloomer, very hardy and low maintenance. Beloved by bees and butterflies.

72 Cell Height 2-2½' Zones 3-9

n.-a. 'Purple Dome' ○

Vivid purple, daisy-like flowers bloom over perfectly mounded foliage from summer to fall. An eye-catcher in mass plantings and in containers.

72 Cell Height 18-24" Zones 3-9

Astilbe (False spirea)

With cool, elegant beauty alone or in combinations, Astilbe enhances the garden from spring to late fall. Tightly clustered buds open slowly to form feathery plumes, eye-catching at every stage. Left uncut, the clusters often dry in place and last well into fall.

×*arendsii* Bridal Veil ('Brautschleier') ○●

Fragrant. Fluffy, pure white, cascading plumes. Early bloomer.

38 Cell Height 2-3' Zones 3-9

×*a.* 'Erika' ○●

Plumes of clear pink flowers. Midsummer bloomer.

38 Cell Height 24" Zones 3-9

×*a.* 'Fanal' ○●

Garnet-red flowers bloom midsummer.

38 Cell Height 24" Zones 3-9

chinensis 'Pumila' ○●

Lilac plumes over deeply cut foliage. Late summer bloomer.

38 Cell Height 12" Zones 3-9

c. 'Visions' ○●

Raspberry-pink flowers bloom over lacy, blue-green foliage in midsummer.

38 Cell Height 15" Zones 3-9

japonica 'Montgomery' ○●

Wine-red plumes appear in midsummer.

38 Cell Height 20-24" Zones 3-9

simplicifolia 'Sprite' ○●

Shell-pink flowers in late summer. **Perennial Plant of the Year 1994.**

38 Cell Height 12" Zones 3-9

Baptisia (Blue false indigo)

australis ○●

Dark spikes of indigo-blue flowers over blue-green foliage in late spring. Foliage is attractive all summer. Seed pods add interest. **Perennial Plant of the Year 2010.** American native.

72 Cell Height 3-4' Zones 3-9

Belamcanda (Blackberry lily)

chinensis ○

Strong, flat clusters of blade-like foliage. Bright orange-spotted flowers give way to attractive "blackberry" seed heads. Drought tolerant.

38 Cell Height 24" Zones 4-9

Brunnera (Bugloss, Forget-me-not)

NEW! *macrophylla* Frost King PPAF ●

Large leaves with a strong pattern of silver with dark green veins. Bright blue flowers in spring.

72 Cell Height 14-16" Zones 4-9

m. 'Sea Heart' PP24684 ●

Silver foliage with intricate green lacy veins and green borders. Two-tone pink/blue flowers in spring.

72 Cell Height 6-12" Zones 4-8

m. 'Silver Heart' PP24685 ●

Solid silver leaves with thin green venation. Deep-blue flowers in spring.

72 Cell Height 6-12" Zones 4-8

'Butterfly Gold' PP33807 ○

Yellow to white and green variegated foliage with light purple blooms. Fragrant and floriferous with a dense habit. From Must Have Perennials®.

50 Cell

Height 6'

Zones 6-9

CHRYsalis™ Series ○

These butterfly magnets are bred and selected for continuously blooming, abundant flowers on a compact habit. Mildew resistant.

50 Cell

Height 2-2½'

Zones 5-10

Chrysalis™ Blue PP33842 Tall spikes of violet-blue florets with orange eyes.

Chrysalis™ Cranberry PP33845 Elegant tapered flower spikes of rich, dark maroon red.

Chrysalis™ Purple PP33847 Bright purple flowers with orange eyes.

Campanula (Bellflower)

carpatica 'Pearl Deep Blue' ○●

Low cushions of small green toothy leaves, covered in early summer with open, upward-facing large violet/blue flowers.

72 Cell

Height 6-12"

Zones 3-8

c. 'Pearl White' ○●

Large, clean white bell-shaped flowers on low cushions of green toothy leaves.

72 Cell

Height 6-12"

Zones 3-8

Centaurea (Snowflake dusty miller)

ragusina Silver Swirl PP35838 ○

Distinctive silver white foliage with wavy edges. Compact mounding habit. Drought tolerant.

72 Cell

Height 8-11"

Zones 6-9

Ceratostigma (Leadwort)

plumbaginoides ○●

Excellent ground cover! Cornflower-blue flowers bloom continually from late summer until frost. Red-tinged fall foliage.

72 Cell

Height 8"

Zones 6-9

Chelone (Turtlehead)

Iyonii 'Hot Lips' ○●

Rosy, lipstick-pink flowers in late summer on deep-green glossy foliage. An American native species loved by butterflies.

72 Cell

Height 2-3'

Zones 3-9

I. Tiny Tortuga™ PP25350 ○●

Bred for compact habit, short stature and heavy bloom of hot pink flowers.

72 Cell

Height 18-24"

Zones 4-8

Colocasia (Elephant ears)

esculenta ROYAL HAWAIIAN® Collection ○●

A unique group bred for fabulous foliage and sturdy colorful stems. Tidy clump-forming habit, great for landscape or large container. Disease resistant.

38 Cell

Height (as shown)

Zones 7b-11

e. 'Black Coral' PP23896 Big, glossy black leaves with blue veins on sturdy dark stems. Height 3-4'

e. 'Maui Gold' PP24482 Massive chartreuse leaves on ivory-white stems. Height 3-4'

e. 'Waikiki' PP34615 Deep green, glossy foliage with white markings and vivid pink veins. Height 2½-3'

Coreopsis (Tickseed)

auriculata 'Nana' ○●

A compact, low-growing perennial with showy orange flowers. Strong spring bloomer that continues to flower through late summer.

72 Cell

Height 6-9"

Zones 4-9

BIG BANG™ 'Mercury Rising' PP24689 ○●

Velvety wine-red 2" flowers with gold centers. Apple-green narrow foliage.

72 Cell

Height 18"

Zones 5-9

Coreopsis (continued)

grandiflora 'Baby Sun' ○●

Golden daisies rise up on 16" stems. Free flowering and long blooming from spring to midsummer.

72 Cell Height 16" Zones 4-9

NEW! *g.* 'Double the Sun' ○●

Very early blooming! Bright yellow, semi-double flowers on compact, controlled habit.

72 Cell Height 12-14" Zones 4-9

g. 'Early Sunrise' ○●

An AAS Award Winner! Bright golden-yellow double flowers in spring on sturdy, tall stems. Flowers first year.

72 Cell Height 18-24" Zones 4-9

g. 'Sunkiss' ○●

Brilliant yellow petals with deep red at the base. Heat tolerant and fast finishing.

72 Cell Height 12-14" Zones 4-9

NEW! *g.* SOLANNA™ Series ○●

Well-branched habit with long flowering time from spring to fall. Self-cleaning.

72 Cell Height 14-16" Zones 4-9

Glow PPAF Single, soft lemon-yellow flowers with serrated tips.

Golden Sphere PP25241 Fully double, golden-yellow flowers.

×'Jethro Tull' PP18789 ○●

Fluted, golden-yellow petals appear in late spring through summer. An outstanding introduction from ItSaul Plants.

50 Cell Height 12-18" Zones 5-9

LI'L BANG™ Series ○●

Cute, compact, mildew-resistant varieties are naturally dwarf and self-branching—perfect for smaller borders or containers.

72 Cell Height 6-12" Zones 4-9

'Daybreak' PP27138 Single bicolor flowers, red with sunny yellow/orange edge.

'Enchanted Eve' PP27857 Bicolor petals are dark yellow at tips with rich red-orange bases around golden centers. Compact mounds of neat, narrow leaves.

'Red Elf' PP27918 Rich velvety-red flowers with yellow centers.

×'Moonbeam' ○●

Creamy-yellow flowers contrast beautifully with black-green foliage. **Perennial Plant of the Year 1992.** Tough and reliable.

72 Cell Height 12-24" Zones 4-9

PERMATHREAD™ 'Red Satin' PP25736 ○●

Satiny, wine-red flowers with cheerful gold centers.

72 Cell Height 16-18" Zones 5-9

rosea 'American Dream' ○●

A native with rosy-pink, daisy-like flowers from midsummer into fall.

72 Cell Height 12-18" Zones 4-9

SATIN & LACE™ 'Ice Wine' PP31367 ○●

Highly mildew resistant, bushy and compact. Vibrant two-tone flowers feature clean, white petals with mulberry bases around gold-flecked centers.

72 Cell Height 16-22" Zones 6-9

'Super Star' PP30850 ○●

Large 2½-3" flowers. Yellow with burgundy-red centers. Mildew resistant.

72 cell Height 14-16" Zones 5-9

UPTICK™ Series ○●

A well-matched, award-winning collection with large flowers and neat, compact, mounding habit. Easy to finish.

72 Cell Height 12-14" Zones 5-9

Gold & Bronze PP28882 Striking bicolor with rusty-red centers and golden tips.

Yellow & Red PP28865 Yellow daisies with rich-red eyes.

verticillata 'Zagreb' ○●

Long-blooming, golden-yellow flowers above compact mounds of fine foliage. Blooms midsummer to early fall.

Height (as shown)

Zones 5–8

NEW! **Lemon Sparkler** PPAF Warm yellow with pink flecks. Height 10–12"

NEW! **Orange Sparkler** PPAF Warm orange with pink flecks. Height 10–12"

Passion PP20440 Velvety red flowers. Height 7–11"

Romance PP21843 Salmon-pink double blooms. Height 7–11"

SCENT FIRST® 'Coral Reef' PP19660 (Compact collection) ○

Fragrant double flowers. Coral-pink petals edged in white. Selected for compact form and great container performance.

72 Cell

Height 8–10"

Zones 5–8

Digitalis (Foxglove)

hybrida ARCTIC FOX™ Lemon Cream PPAF ○●

Tall stems of light-yellow flowers with speckled throats.. Flowers from late spring deep into summer.

72 Cell

Height 18–24"

Zones 5–9

x mertonensis (Strawberry foxglove) ○●

Tall foxglove hybrid with large, coppery-pink spires of tubular flowers. Irresistible to hummingbirds. Plant along fences, the edge of woods, and in large containers.

72 Cell

Height 2–3'

Zones 4–9

purpurea DALMATIAN Series ○

Upright columns of beautiful trumpet flowers with heavily spotted throats. Uniform, well-branched and compact.

72 Cell

Height 16–20"

Zones 5–9
(Biennial)

p. 'Dalmatian Crème' Creamy-white flowers with contrasting dark maroon spots.

p. 'Dalmatian Peach' Peachy pink/orange with subtle darker freckling inside.

p. 'Dalmatian Purple' Deep lavender/purple blooms with maroon spots.

p. 'Dalmatian Rose' Rosy purple bells with dark crimson spots.

p. 'Foxy' ○

Trumpets of red, white, and yellow on tall stiff stems. Great vertical accent and cut flower.

72 Cell

Height 2½'

Zones 4–8
(Biennial)

Duranta (Dewberry)

erecta Cuban Gold™ ○

A tender, shrubby, upright plant with neat habit and bright golden foliage.

72 Cell

Height 10–18"

Zones 10–11

Echinacea (Coneflower)

×hybrida ARTISAN™ Collection ○

Heavy-flowering varieties with enhanced uniformity for consistent cropping.

72 Cell Height 2–2½' Zones 4–10

×**h. Red Ombre** Single flowers open rich red, developing subtle antique shades over time.

×**h. Soft Orange** Single flowers open deep orange, softening as they mature.

×**h. Yellow Ombre** Intense golden-yellow blooms.

'Cheyenne Spirit' ○

A colorful seed mix of gold, scarlet, orange, rosy-red, cream, purple, and yellow shades. **Fleuroselect and AAS winner.**

We custom grow limited quantities of 'Cheyenne Spirit' under short-day treatment. Please inquire.

72 Cell Height 2–2½' Zones 4–9

DARK SHADOWS™ Wicked PP33714 ○

Glowing, watermelon-pink flowers on dark chocolate stems rise from mounds of attractive long green leaves.

72 Cell Height 12–16" Zones 4–9

FRESCO® 'Apricot' PPAF ○

Large, zinnia-like single flowers in apricot/pink hues. Its taller, narrower habit makes it a good cut flower option.

72 Cell Height 2–2½' Zones 4–9

KISMET® Series ○

Bred for sturdy stems, upright habit and high crown count. Free-flowering, with big colorful flowers all summer. Available in the following colors:

Intense Orange PP28769

Kiwi PPAF Yellow-green petals with a green cone. Flowers held above foliage on long stems. Excellent cut flower. **Height 14–27"**

Pink Lemonade PPAF Bicolor pink petals with yellow tips.

Raspberry PP28768

Red PP29743

Yellow PP29922

Pretty Parasols PP31675 ○

Reflexed petals, creamy white with a blush of magenta/pink at base, surround tapered golden cones. Sturdy stems. Long-flowering, from midsummer deep into autumn.

72 Cell Height 2½–3' Zones 4–9

PRIMA™ Series ○

'Lime' PPAF Lime green tips with cream centers. An emerald-green cone that turns golden yellow. **Height 14–20"**

Saffron PP33778 Bright, saffron-orange petals with red bases form a ring around red/gold cones. **Height 12–18"**

72 Cell Height (as shown) Zones 4–9

purpurea ○

Large, pink/purple daisy-like flowers with reddish-purple rays and orange cone centers. A North American native. Irresistible to butterflies!

72 Cell Height 3–4' Zones 3–9

p. 'Green Twister' ○

Flower petals are carmine-red at the center changing to lemon-green tips. A generous bloomer.

72 Cell Height 3' Zones 3–8

p. 'Magnus' ○

This coneflower's improved pink/purple color, horizontal form, and easy care made it **Perennial Plant of the Year 1998.**

Zones 3-8

Polystichum polyblepharum (Korean tassel fern) ○●

A tidy clump of arching dark green fronds with a fringed, glossy appearance.

50 Cell

Height 18"

Zones 5-9

Gaillardia (Blanket flower)

aristata SPINTOP® Series ○

All varieties feature large, flat, richly hued flowers with toothy-tipped petals from spring to fall.
Good basal branching makes them tight and compact for excellent container presentation.

72 Cell

Height 12-14"

Zones 3-10

a. Mango PP35273 Golden orange petals with light orange tips.

a. Orange Halo PP29205 Intense orange petals with yellow tips forming a halo around the flower.

a. Red PPAF Solid medium red petals with prominent gold stamens.

a. Red Starburst PPAF Large semi-double yellow flowers with red centers.

a. Yellow Touch PP29206 Petals are rich red "touched" with yellow tips.

FLUTED PETAL TYPES

a. Mariachi Copper Sun PP32215 Coppery red fluted petals with golden-throated flared tips.

NEW! **a. Mariachi Gold** PPAF Orange gold fluted petals with a dark orange eye.

NEW! **a. Mariachi Red** PPAF Bright red fluted petals.

a. Mariachi Red Sky PPAF Multiple rows of bright red curled petals with yellow tips.

Gaillardia (continued)

×g. **grandiflora ARIZONA Series** ○

Large flowers (3–3½") bloom from summer to fall on uniform mounds of bright green foliage. First-year flowering with no vernalization required.

- ×g. **'Arizona Apricot'** Bright yellow petal edges darken smoothly to rich apricot centers.
- ×g. **'Arizona Red Shades'** Dark crimson flowers age to lighter hues for multicolored effect. Some petals have gold tips.
- ×g. **'Arizona Sun'** Lots of red-orange, 3" flowers edged in golden yellow. Drought tolerant, compact, and long flowering. **An AAS Award Winner.**

×g. **'Goblin'** (Kobold) ○

A classic dwarf form with carmine-red petals and yellow rims.

×g. **MESA Series** ○

Intense color all season. Drought tolerant and very floriferous.

- ×g. **'Mesa Bright Bicolor'** Bright yellow petals with red center ring.
- ×g. **'Mesa Peach'** Yellow petals with peachy pink glow in the center.
- ×g. **'Mesa Red'** Rich red petals won't fade. Blooms early and often.
- ×g. **'Mesa Yellow'** Bright, clear yellow flowers from late spring until fall. **An AAS Award Winner!**

Galium (Sweet woodruff)

odoratum ●●

A low-growing ground cover of rich green, lance-shaped foliage with small white flowers in spring.

Gaura (Wand flower)

Dainty blooms float on wand-like spikes from early summer to frost. Long bloom season and drought tolerance make this North American native a terrific plant for the landscape.

lindheimeri Belleza™ Dark Pink ○

Well-branched with short flowering stems and an upright habit.

I. 'Crimson Butterflies' ○

Short, red stems hoist hot pink flowers over dark-crimson leaves.

I. Rosy Jane PP22290 ○

White flowers with beautiful pink picotee edges on neat stands of willowy stems. Introduced by award-winning Hardy's Cottage Garden Plants, UK.

I. 'Siskiyou Pink' ○

Brilliant rosy-pink flowers with white stamens. An introduction from Siskiyou Nursery.

I. 'Sparkle White' ○

Dainty white flowers with faint pink blush for airy elegance and movement in the border. **AAS and Fleuroselect awards winner.**

I. 'Whirling Butterflies' ○

Bright white flowers flutter on slender red stems, floating like butterflies above willow-like foliage.

Geranium (Hardy geranium)

maculatum 'Huggy Bear' PP36258 ○●

Pink/violet flowers in spring. Large, chocolate-red foliage is more disease resistant and sun tolerant than others in this adaptable native species.

Zones 3-8

Kniphofia (Red hot poker)

uvaria 'Flamenco' Mix ○

Eye-catching spires of red, orange, and yellow erupt from dense clumps of grass-like foliage in spring and summer. An AAS Award Winner.

72 Cell

Height 2-2½'

Zones 5-9

u. Glowstick PP35323 ○

Bright yellow flowers spring to fall above grass-like finely textured foliage. Profuse bloomer! Attracts butterflies and hummingbirds.

72 Cell

Height 2-2½'

Zones 5-9

Lamiaeum (Yellow archangel)

galeobdolon 'Herman's Pride' ●●

A superb selection for deep shade, this ground cover slowly spreads to form dense clumps. Strong silver highlights brighten any shaded area.

72 Cell

Height 12"

Zones 4-8

Lamium (Dead nettle)

maculatum 'Beacon Silver' ○●●

Semi-evergreen ground cover. Silver leaves edged in deep green. Mauve flowers in summer.

72 Cell Height 6–8" Zones 3–8

m. 'Orchid Frost' ○●●

Lilac colored flowers over frosted, silver leaves edged in blue-green.

72 cell Height 4–6" Zones 3–8

m. 'Purple Dragon' ○●●

Large, deep-purple flowers bloom all summer over stunning silver foliage.

72 Cell Height 4–8" Zones 3–8

m. 'White Nancy' ○●●

In summer, white flowers bloom over dense, silver foliage.

72 Cell Height 4–8" Zones 3–8

Lavandula (Lavender)

Our starters are grown for ornamental, not culinary, use.

ENGLISH LAVENDERS

angustifolia Big Time Blue PP24827 ○

Big, thick spikes of purple/blue flowers bloom early over vigorous mounds of gray-green foliage.

72 Cell Height 18–24" Zones 5–9

a. 'Blue Spear' ○

Bred for maximum show, with bigger, taller upright flower spikes. Very uniform for easy cropping.

72 Cell Height 11–13" Zones 5–9

a. 'Ellagance Purple' ○

An elegant flourish of purple-blue flower spikes over fragrant gray-green foliage.

72 Cell Height 12–18" Zones 5–9

a. 'Hidcote' ○

Evergreen perennial with subtle gray-green leaves and a sweet fragrance. Purple stalks rise above foliage in midsummer.

72 Cell Height 12–24" Zones 5–9

a. 'Lavance Deep Purple' ○

Intense purple flower spikes rise from uniform, compact clumps of basal-branching rich green foliage.

72 Cell Height 10–18" Zones 5–9

a. 'Munstead' ○

Fragrant deep purple flower spikes on fragrant foliage. A garden classic since 1916.

72 Cell Height 12–18" Zones 5–9

a. 'SuperBlue' PP24929 ○

Rich blue flowers on short spikes. Heavy blooming from summer into fall.

72 cell Height 10–12" Zones 5–9

×*intermedia* 'Grosso' ○

Exceptionally fragrant. Deep violet flowers on long sturdy stems.

72 cell Height 2½–3' Zones 5–9

×*i.* Phenomenal® PP24193 ○

Long lavender-purple spikes on vigorous, healthy, uniform mounds of silver foliage. Bred for heat and humidity tolerance.

72 Cell Height 2–2½' Zones 5–8

×*i.* 'Provence' (Lavandin) ○

Grown commercially in France for oil and flowers, this hybrid has highly fragrant, light purple blooms. More heat and humidity tolerant.

72 Cell Height 2–3' Zones 5–10

SPANISH LAVENDERS

stoechas Anouk Burgundy PP36612 ○

Breakthrough color of deep burgundy flowers with burgundy flags. Disease resistant. Mounding habit with green foliage.

72 Cell Height 14–18" Zones 6–9

NEW! *s.* Butterfly Gardens™ Poppin' Pink PPAF ○

Bright pink flowers on sturdy, compact habit. Long blooming.

72 Cell Height 12–15" Zones 6–9

s. 'Otto Quast' ○

A stalwart Spanish lavender with bicolor flowers, lavender and deep purple. Bushy, rounded habit. Hardy in warm climates and a striking annual in cooler areas.

72 Cell Height 18–24" Zones 7–9

s. Primavera PP33269 ○

Small deep purple blooms topped with purple flags keep flowering even in Southern heat.

72 Cell Height 16–18" Zones 7–9

s. 'Silver Anouk' PP20068 ○

Dark purple flowers topped with lighter flags. Upright masses of slender, silver-blue foliage.

72 Cell Height 14–18" Zones 6–9

Leucanthemum (Shasta daisy)

×*superbum* 'Alaska' ○

Flower heads 3" in diameter appear in early summer and again in August and September. Sturdy variety that needs no staking.

72 Cell Height 2–3' Zones 5–9

×*s.* MAKE MY DAISY™ Series ○

First year flowering. Mounding habit with deep green foliage.

72 Cell Height 14–17" Zones 5–9

×*s.* **Crazy** PP35074 Clean white semi-double flowers. Blooms from late spring through summer.

×*s.* **Happy** PP35183 Clean white single flowers from spring through summer.

×*s.* 'Snow Lady' ○

Dwarf Shasta daisy. Excellent as a short cut flower, in containers, or in the landscape. Blooms early to late summer. **An AAS Award Winner.**

72 Cell Height 10–12" Zones 5–9

×*s.* 'Snowcap' ○

This dwarf variety produces masses of beautiful large white flowers all summer long. Excellent border plant.

72 Cell Height 14–18" Zones 5–9

×*s.* Sweet Daisy™ Birdy PP32774 ○

Reflexed "umbrella" daisies with small feathery petals around gold button centers.

72 Cell Height 20–24" Zones 5–9

Lewisia (Bitterroot)

An American alpine native that blooms in spring through early summer. Great for rock gardens and containers. Evergreen.

×*cotyledon* 'Rainbow Mix' ○●

Blooms spring and summer in a variety of colors over rosettes of semi-succulent foliage.

72 Cell Height 10" Zones 5–8

×*longipetala* 'Little Peach' ○●

Heavy bloom of soft peach, orange, and yellow flowers.

72 Cell Height 6–8" Zones 4–8

×*l.* 'Little Plum' ○●

Magenta flowers bloom in profusion over compact foliage.

72 Cell Height 6–8" Zones 4–8

Liatris (Kansas gayfeather)

spicata 'Kobold' ○

Fuzzy purple flowers bloom from top to bottom on multiple tall spikes. An American native species.

72 Cell Height 1½–2½' Zones 3–9

Lobelia (Cardinal flower)

cardinalis ○●

Brilliant red flowers bloom on long stems. Rich green foliage. An American native, loved by hummingbirds and butterflies. Prefers moist sites.

72 Cell Height 3–4' Zones 3–9

Lysimachia (Creeping Jenny, moneywort)

nummularia 'Aurea' ○●

Small, rounded chartreuse leaves spread to form low mats. Small yellow blooms in early summer. Makes quick, attractive hanging baskets.

72 Cell Height 2–4" Zones 3–9

Monarda (Bee balm)

bradburiana 'Midnight Oil' PP34354 ○

New foliage is purple with purple stems turning chocolatey bronze green. Lavender flowers speckled with dark purple dots. From Intrinsic Perennial Gardens.

72 Cell Height 18–24" Zones 4–9

didyma BALMY™ Series ○

These charming selections of a favorite North American native species were bred for compact habit, heavy flowering spring through summer and superior resistance to powdery mildew. An important nectar source for bees and butterflies. Available in the following colors:

d. **Lilac** PP26594

d. **Purple** PP25561

d. **Pink** PP26566

d. **Rose** PP26567

'Dark Towers' PP20013 ○

Sturdy columns of two-toned pink trumpets in July and August. Shiny bronze-red foliage is darker than parent 'Husker Red'. Bred in Nebraska, introduced by Terra Nova.

digitalis 'Husker Red' ○

Small, white, trumpet-shaped flowers with red stamens top garnet-red foliage. A North American native. Perennial Plant of the Year 1996.

Perovskia (Russian sage)

atriplicifolia ○

Talc-white stems and pewter-blue foliage are adorned with branched sprays of lavender flowers. Perennial Plant of the Year 1995.

a. Lacey Blue PP20845 ○

Sturdy, compact form with lavender blue flower sprays.

'Little Spire' ○

More compact than the species! Tall, airy bloom spikes and richly aromatic gray foliage. Very drought tolerant.

Phlox divaricata (Woodland phlox)

d. 'Blue Moon' ○●

Fragrant flowers of deep violet blue. A North American Native.

d. 'May Breeze' ○●

Fragrant, blue-tinged white flowers.

NEW! hybrida Candy Cloud™ Pink PPAF ○●

A heavy carpet of pink flowers.

Phlox paniculata (Garden phlox, tall phlox)

Fragrant, dome-shaped flower clusters bloom on upright, tall stems from June through August.

p. 'Bright Eyes' ○●

Very showy salmon-pink flowers with darker ruby eyes.

p. 'Laura' ○●

Electric-purple blooms with dazzling white centers. Mildew resistant.

FASHIONABLY EARLY Series ○●

Bred for compact growth, mildew resistance, and fragrant flowers in unique colors that bloom up to three weeks earlier than the familiar *P. paniculata*.

'Fashionably Early Crystal' PP28679 Pure white flowers with light purple eyes.

'Fashionably Early Flamingo' PP29911 Lavender-pink flowers.

'Fashionably Early Princess' PP28680 Light fuchsia-pink flowers with darker pink eyes.

Platycodon (Balloon flower)

grandiflorus 'Astra Blue' ○○	72 Cell	Height 8-10"	Zones 4-9
Cornflower-blue, star-shaped blooms open from balloon-like "inflated" buds. Flowering begins in late spring and continues for up to two months.			

Polemonium (Jacob's ladder)

boreale 'Heavenly Habit' ○○	72 Cell	Height 12-18"	Zones 3-7
Finely divided, fernlike foliage supports clusters of violet-blue bell-shaped flowers.			
pulcherrimum 'Golden Feathers' PP35067 ○○	72 Cell	Height 18"	Zones 5-9
Mauve flowers contrast beautifully with clean, green and gold variegated foliage.			

Pulmonaria (Lungwort)

Nova® 'Cobalt' PPAF ●	50 Cell	Height 12-14"	Zones 4-9
Intense cobalt-blue flowers against deep green foliage with cream-colored speckles.			
'Raspberry Frost' PP35154 ●	50 Cell	Height 10"	Zones 4-9
Attractive mottled-green leaves with cream/silver margin. Bright coral-red flowers in spring.			
'Shrimps on the Barbie' ●	50 Cell	Height 10"	4-9
Clusters of deep, shrimp-pink flowers. Green foliage with prominent white spots.			

Pulmonaria (continued)

'Silver Bouquet' PP20059 ●

Bright silver leaves with rich green flecks. Flowers open pink then turn purple for a cool bicolor appearance.

50 Cell Height 7–10" Zones 4–9

'Trevi Fountain' ●

Long, slender green foliage heavily highlighted with white. Deep, cobalt blue flowers.

50 Cell Height 11–12" Zones 4–9

Pycnanthemum (Mountain mint)

muticum ○●●

Broad silvery aromatic leaves with pink flowers in late summer. Attracts pollinators. North American native. **Perennial Plant of the Year 2025.**

72 Cell Height 2–3' Zones 4–9

Rosmarinus (Rosemary)

Our starters are grown for ornamental, not culinary, use.

officinalis 'Arp' ○●

Small-leaved, gray-green, hardier-than-most rosemary. Persistent blue flowers in September. A great fragrant ornamental that tolerates drought and poor soil.

72 Cell Height 2–4' Zones 6–9

o. 'Barbeque' ○●

Outstanding upright habit, ideal for topiary, perennial shrub or hedge. Thrives in the poorest soils. Lavender flowers August–September.

72 Cell Height 3–4' Zones 7–9

o. 'Hill Hardy' (a.k.a. 'Madeline Hill') ○●

Dense, dark-green foliage is assertively aromatic. Hardier than most others, with the exception of 'Arp'.

72 Cell Height 4–5' Zones 6b–9

o. 'Tuscan Blue' ○●

Thick stems form an elegant columnar shape. Unusually wide, scented leaves.

72 Cell Height 4–6' Zones 7–9

Rudbeckia (Black-eyed Susan)

×'American Gold Rush' PP28498 ○

A strikingly symmetrical, vigorous winner from Intrinsic Perennial Gardens. Loaded with golden flowers for weeks. **An AAS Award winner and Perennial Plant of the Year 2023.**

72 Cell Height 16–22" Zones 4–9

fulgida 'Early Bird Gold' PP20286 ○

Strike gold with this black-eyed Susan that blooms at the first hint of warm weather and keeps flowering right on into fall. From Dupont Nursery.

50 Cell Height 24" Zones 3–10

f. var. fulgida ○

Long-blooming with golden flowers July to October.

72 Cell Height 2–2½' Zones 3–9

f. 'Goldsturm' ○

Golden-yellow flowers with black cones. North American native, spectacular in masses and with grasses. Draws butterflies. **Perennial Plant of the Year 1999.**

72 and 128 Cell Height 2–3' Zones 3–10

f. 'Little Goldstar' PP22397 ○

A well-branched selection with a tidy, compact mounding habit. Heavy blooming with golden flowers from summer to fall.

72 Cell Height 24" Zones 3–10

f. var. speciosa 'Viette's Little Suzy' ○

Showy yellow flowers and compact, floriferous habit. From Must Have Perennials®.

72 cell Height 12–18" Zones 3–10

f. var. sullivanii 'Goldblitz' ○

Lots of golden blooms from this first-year flowering seed selection.

72 Cell Height 2–2½' Zones 3–9

×'Glitters Like Gold' PP30933 ○

Deep gold 3" flowers from July through October on long, straight hirsute stems over rounded mounds of robust, disease-resistant foliage. From Intrinsic Perennial Gardens.

72 Cell Height 2½–3' Zones 4–9

×'Green Eyed Lady' PP36640 ○

Yellow flowers emerge with green eyes turning yellow as they mature. Disease-resistant foliage. From Intrinsic Perennial Gardens.

72 Cell Height 22–24" Zones 4–9

n. Marcus® ('Haeumanarc') ○

Compact habit, with violet-blue flower spikes. This German-bred miniature looks terrific in pots or in the border.

72 Cell Height 8–12" Zones 3–8

n. MARVEL Series ○

n. 'Blue Marvel' PP27018 Large blue flowers. Repeat bloomer from late spring into fall.

n. 'Rose Marvel' PP30118 Large deep rosy-pink flowers bloom repeatedly from late spring into fall.

72 Cell Height 10–12" Zones 4–9

n. May Night ('Mainacht') ○

Long-lasting violet-purple flower spikes in late spring/early summer make May Night a best seller.

Perennial Plant of the Year 1997.

50 Cell Height 18–24" Zones 3–8

n. NEW DIMENSION™ Series ○

Compact series of two colors. Well-branched and uniform habit.

n. Blue

n. Rose

72 cell Height 8–10" Zones 4–9

Scabiosa (Pincushion flower)

columbaria 'Butterfly Blue' ○

Neat mounds of foliage with lavender-blue pincushion flowers. Summer dormant in very warm climates. **Perennial Plant of the Year 2000.**

72 Cell Height 12–18" Zones 3–8

c. 'Pink Mist' ○

A pink form of 'Butterfly Blue' from breeder David Tristram.

72 Cell Height 12–18" Zones 3–8

Sedum (Stonecrop)

GROUND COVER / LOW-GROWING, SMALL-LEAF TYPES

SUNSPARKLER® Series ○

By breeder Chris Hansen.

× **Sedoro 'Blue Elf'** PP27113

A rare intergeneric hybrid, *Sedum* × *Orostachys*. Steel-blue foliage in tufted rosettes. Dark pink flowers in fall. Terrific mounding habit. **Height 3"**

rupestre 'Angelina's Teacup' PP32344

Tight cushions of needle-like golden foliage. Orange tips in cold weather. Rarely flowers. **Height 3"**

'Cherry Tart' PP24603

Low masses of cherry-red leaves spring–fall, topped by bright pink flower clusters in late summer. **Height 6"**

'Dazzleberry' PP22457

Large clusters of rosy-red florets over dusky blue-gray foliage. **Height 8"**

'Firecracker' PP26595

A great heavily branched ground cover with shiny cherry-red leaves and pink flowers in late summer. Disease resistant. **Height 6"**

'Lime Zinger' PP24632

Firm lime-green leaves with red edges. Rose-pink blooms in late summer. **Height 4"**

Sedum (continued)

kamtschaticum 'Variegatum' ○

Deep green leaves splashed with creamy white accents. Yellow/orange flowers in summer.

72 Cell Height 6–8" Zones 3–8

'Lemon Ball' ○●

Mounding/trailing chartreuse foliage spills nicely from containers or over a raised border edge.

72 Cell Height 4" Zones 6–10

reflexum 'Blue Spruce' ○

Yellow flowers are held high above low, creeping, spruce-blue foliage from late summer to fall.

72 Cell Height 4" Zones 3–9

sieboldii ○

Whorls of succulent, eucalyptus-like blue-green leaves edged in plum. Terminal clusters of star-shaped rose-pink flowers appear in autumn.

72 Cell Height 6" Zones 3–9

spurium 'John Creech' ○

Green scalloped leaves, with tiny rosy-pink blooms late summer–fall.

72 Cell Height 3–4" Zones 3–9

takesimense Atlantis® PP27454 ○

Rosettes of serrated leaves, dark green with broad creamy margins that turn pink in cold weather. RHS Chelsea 2019 Plant of the Year winner.

72 Cell Height 6" Zones 4–9

tetractinum 'Coral Reef' ○

Dense mats of deep-green to coral-colored leaves, topped with clusters of yellow flowers in summer.

72 Cell Height 3–6" Zones 4–9

UPRIGHT LARGE-LEAF TYPES

'Autumn Fire' ○

Gray-green leaves on fleshy stems with russet-red flower heads from late summer to fall. More heat tolerant than Autumn Joy.

72 Cell Height 2–3" Zones 3–9

Autumn Joy ('Herbstfreude') ○

Large heads of deep rose, turning ruby red.

72 Cell Height 24" Zones 3–9

'Neon' ○

Glowing, bright-pink flowers over green foliage.

72 Cell Height 18–24" Zones 3–9

NEW! *spectabile* 'Spectacular' ○

AAS Award Winner. Maintains a sturdy, compact, tight habit with vigorous and uniform growth. Rosy-pink flowers.

72 Cell Height 12–14" Zones 3–9

Sempervivum (Hens and chicks, house leeks, cat and kittens)

arachnoideum 'Cobweb' ○●

Evergreen, pale-green rosettes densely woven with gray threads.

50 cell Height 3–4" Zones 3–9

'Chick's Mix' ○●

A very popular selection. Grower's choice, ten each of five handsome offerings from our best varieties. An easy way to mix and match for a balanced offering.

50 Cell Height 4–6" Zones 3–9

'Commander Hay' ○●

Large green and red bicolor rosettes. Pastel pink flowers.

50 Cell Height 3–6" Zones 3–9

'Hardy Species Mix' ○●

A variety of species with an array of different colors and textures.

72 Cell Height 6" Zones 3–9

'Kalinda' ○●

Medium sized rosettes with pointed leaves held tightly. Coral pink tips in cooler weather.

50 Cell Height 4–8" Zones 3–9

'Royal Ruby' ○●

Long narrow crimson leaves touched with lime green form large rosettes. Produces lots of "chicks."

50 Cell Height 3–6" Zones 3–9

'Ruby Heart' ○●

Broad, pointed leaves are blue-green at tips, ruby red in the center. Pink/purple flowers in summer.

50 Cell Height 3–4" Zones 3–9

'Silverine' ○●

Silvery-green rosettes are flushed with red/purple. Pink flowers rise on short stalks.

Senecio (Silky groundsel)

candicans Angel Wings® PP28830 ○●

Long, broad velvety leaves of matte silver with finely serrated edges.

72 Cell

Height 16–18"

Zones 8–10

Sisyrinchium (Blue-eyed grass)

angustifolium 'Lucerne' ○●

A superb edging plant with iris-like foliage and blue star-shaped flowers.

72 Cell

Height 8–10"

Zone 4–9

Multiple blooms flower for more than two months.

idahoense var. macounii 'Moody Blues' ○●

Striped violet-blue petals with dark bases, forming an inky blue ring around bright gold centers.

72 Cell

Height 8–10"

Zone 4–9

Larger blooms than *S. angustifolium*. Flowers May – July.

Stachys (Lamb's ear, betony)

byzantina 'Helene von Stein' ○●

Velvety silver-green leaves are twice as large as others. Heat and humidity resistant.

50 Cell

Height 10–12"

Zones 4–8

b. 'Silver Carpet' ○●

Prized for its soft, silver, velvety foliage and for its reluctance to flower. Low creeping habit.

50 Cell

Height 8–10"

Zones 4–8

Stokesia (Stokes' aster)

laevis ○●

This North American native perennial is valued for its low maintenance and wide, cornflower-blue blooms.

50 Cell

Height 12–18"

Zones 5–9

l. 'Colorwheel' ○●

Three-inch flowers emerge white, then segue through white to lavender and finally dark violet blue.

50 Cell

Height 18–24"

Zones 5–9

Drought tolerant and heat resistant.

l. 'Divinity' PP26164 ○●

An exclusive introduction from Emerald Coast Growers! Large flowers open with a hint of yellow in the center, then mature to pure, long-lasting white. Blooms stand serenely over neat mounds of broad, rich green, strap-like leaves.

50 Cell

Height 12–14"

Zones 5–9

l. 'Mary Gregory' ○●

Distinctive, soft creamy-yellow flowers over large mounds of rich green, strap-like foliage.

50 Cell

Height 12"

Zones 5–9

Introduced by Kim Hawkes.

l. 'Mel's Blue' PP23090 ○●

Big periwinkle-blue flowers, 4" across, on strong upright stems.

50 Cell

Height 12–15"

Zones 5–9

Flowers continuously from late June into August.

Thymus (Thyme)

Our starters are grown for ornamental, not culinary, use.

praecox 'Coccineus' ○●

Magenta-pink flowers bloom in summer over deep-green, fragrant foliage.

72 Cell

Height 2–4"

Zones 3–8

This dense evergreen ground cover has a cascading habit.

Verbena

xcanadensis 'Homestead Purple' ○

Deep purple flowers over dark green foliage. A trailing ground cover. A Georgia Gold Medal winner.

72 Cell

Height 6–10"

Zones 7–11

Veronica (Speedwell)

LOW-GROWING GROUND COVER TYPES

peduncularis 'Georgia Blue' ○●

Mats of small, round leaves, covered with blue flowers in spring. Reddish new foliage turns deep green in summer, bronze in fall.

72 Cell Height 4-6" Zones 4-8

p. 'Waterperry Blue' ○●

Long flowering groundcover. Light blue flowers with dark veins.

72 cell Height 4-6" Zones 4-8

'Tidal Pool' PP23341 ○●

Profuse blooms of small, bright violet-blue flowers on low-growing foliage.

72 Cell Height 2-3" Zones 4-8

'Whitewater' PP22783 ○●

Low, dense, spreading carpets of rich, green foliage with ½" white flowers.

72 Cell Height 4-6" Zones 4-8

UPRIGHT GROWING TYPES

longifolia VERNIQUE® Series ○●

A first-year flowering, uniform, compact series from Green Fuse Botanicals, Inc.

72 cell Height 12-18" Zones 4-8

l. Dark Blue

l. Raspberry

spicata Pink Candles PP29780 ○●

Compact habit with bubblegum-pink blooms. Rich green toothy leaves.

72 Cell Height 8" Zones 4-8

s. Purplegum Candles PP33094 ○●

Spikes of bright purple flowers bloom from late spring into autumn. Dark green glossy leaves.

72 Cell Height 14" Zones 4-8

s. Royal Candles ○●

Violet-blue flower spikes from late spring to midsummer.

72 Cell Height 15-18" Zones 4-8

s. Snow Candles PP28777 ○●

Frosty white spikes over low green mounding foliage.

72 Cell Height 8-10" Zones 4-8

s. 'Sunny Border Blue' ○●

Violet blue spikes early summer to late fall over rich green foliage. **Perennial Plant of the Year 1993.**

72 Cell Height 18-24" Zones 4-8

Yucca (Adam's needle, Spanish bayonet)

filamentosa 'Bright Edge' ○

Impressive clumps of swordlike green leaves edged in bright gold. Tall spikes of fragrant, white flowers.

72 Cell Height 3' 5' with flower Zones 4-9

f. 'Color Guard' ○

Stiff, spiny-tipped leaves feature green margins and golden centers.

72 Cell Height 3' 6' with flower Zones 4-10

rostrata 'Sapphire Skies' ○

Elegant globes of blue-hued swordlike leaves up to two feet long. Stalks of creamy-white clustered blooms. Draws hummingbirds. A slow-growing Southwest native.

72 Cell Height 5-10' at maturity Zones 5-10

ORNAMENTAL GRASSES

and grass-like plants

Acorus (Sweet flag)

gramineus 'Oborozuki' ○●●●

Slender gold and green variegated foliage. Forms slow spreading clumps making a great ground cover. Prefers moist soil.

38 and 72 Cell Height 10–12" Zones 4–11

NEW! *g.* 'Ogon' ○●●●

Similar to 'Oborozuki' with gold and green variegated foliage. Prefers moist soil.

38 and 72 Cell Height 10–12" Zones 4–11

g. 'Pusillus Minimus Aureus' (Miniature variegated sweet flag) ○●●●

A tiny grass-like plant grown for its bright golden blades. Prefers moist soil.

72 Cell Height 4–6" Zones 4–11

g. 'Variegatus' (Variegated sweet flag) ○●●●

Creamy-white variegated leaf blades provide stunning contrast with other moisture-loving perennials.

72 Cell Height 10–12" Zones 4–11

Andropogon (Big bluestem, Turkey's foot)

gerardii (Big bluestem) ○

Dramatic blue-green foliage in large, upright clumps, tinted copper and maroon fall/winter. American native.

38 Cell Height 5–8" Zones 3–9

ANDROPOGON BY INTRINSIC PERENNIAL GARDENS

Groundbreaking selections from Brent Horvath.

g. 'Blackhawks' PP27949 ○

New bright green blades and stems quickly turn rich purple for a striking blended bicolor display.

Perennial Plant of the Year 2026.

38 Cell Height 18–24" 6' in flower Zones 3–9

g. 'Dancing Wind' PP26892 ○

Selected for late-summer bicolor show of green and red, deepening to dark red in September, then scarlet with frost.

38 Cell Height 18–24" 6' in flower Zones 3–9

g. 'Holy Smoke' PP33929 ○

Very erect flower stems rise high over clumps of upright/arching foliage. Beautiful purple and pink fall coloring.

38 Cell Height 18–24" 5' in flower Zones 3–9

g. 'Rain Dance' PP26284 ○

Red-tipped foliage, deeper green than the species, turns totally maroon in fall. Red flowers on red stems. **An Emerald Coast Growers exclusive.**

38 Cell Height 18–20" 4–5' in flower Zones 3–9

g. 'Red October' PP26283 ○

Deep green foliage darkens to purple in late summer, then vivid scarlet in autumn for spectacular late-season color.

38 Cell Height 20–24" 5–6' in flower Zones 3–9

glomeratus (Bushy beard bluestem) ○

Sturdy, upright green leaves in summer turn a beautiful copper-orange in fall and retain color well into winter. North American native.

38 Cell Height 2–4' Zones 5–9

virginicus (Broom sedge) ○

Green blades turn red and purple in fall, bright orange in winter. Strong, upright, and drought tolerant. North American native.

38 Cell Height 4' Zones 3–9

EMERALD COAST GROWERS EXCLUSIVE

Bouteloua

curtipendula (Sideoats grama grass) ○

Narrow blue-gray leaves. Purple flowers yield to oat-like seeds on arching stems. Golden brown in fall, tinged orange and red. North American native.

38 Cell Height 2–3' Zones 3–10

gracilis (Blue grama grass) ○

A small, handsome North American native with distinctive purple blooms July to September. Gray-green foliage turns bright gold in the fall.

38 Cell Height 1–2½' Zones 3–10

g. 'Blonde Ambition' PP22048 ○

Chartreuse flowers mature to blonde seed heads, rise above blue-green foliage. North American native. From Plant Select®.

38 and 50 Cell Height 1–2½' Zones 3–10

g. 'Honeycomb' PP33101 ○

Honey-blonde “eyelash” seed heads, held high on upright stems. Plant habit is fuller and denser with less blade dieback than other varieties. A North American native from Intrinsic Perennial Gardens.

50 Cell Height 1–2½' Zones 3–10

×*Little Blondie*™ ('Zig Zag') PP36592 ○

A smaller, compact form of 'Blonde Ambition', this hybrid has a profusion of golden, striped eyebrow-like flowers that ripen to creamy white. Flowers are sterile. North American native selected by David Salman.

50 Cell Height 15–18" Zones 3–10

Briza (Quaking grass)

media ○●

Whimsical heart-shaped pendant flowers sway from spikes a foot or more above the foliage.

50 Cell Height 2–3' Zones 4–10

Calamagrostis (Feather reed grass)

×*acutiflora* 'Avalanche' (Variegated feather reed grass) ○●

An impressive vertical grass that boasts a wide, white band down the center of each blade. In midsummer, silvery-tan plumes rise above the foliage.

38 and 72 Cell Height 3' Zones 4–10

×*a.* 'Eldorado' (Variegated feather reed grass) ○●

Upright form like 'Karl Foerster', but variegated, with a bold gold stripe on the center of the blade.

38 and 72 Cell Height 4' Zones 4–10

×*a.* Hello Spring!® (Variegated feather reed grass) ○●

Variegated form and refined habit. Foliage has uniform green centers with white edges.

38 and 72 Cell Height 3–4' Zones 4–10

An Emerald Coast Growers introduction.

×*a.* 'Karl Foerster' (Feather reed grass) ○●

Deep green, lustrous foliage from early spring all the way to winter. Forms erect clumps with feathery plumes. **Perennial Plant of the Year 2001.**

21, 38 and 72 Cell Height 3–4' Zones 4–10

×*a.* Lightning Strike® (Variegated feather reed grass) ○●

Foliage features broad central stripes of creamy white, edged in green.

38 and 72 Cell Height 3' Zones 4–10

×*a.* 'Overdam' (Variegated feather reed grass) ○●

Similar to 'Karl Foerster', but the foliage is variegated with creamy white, vertical stripes.

38 and 72 Cell Height 3–4' Zones 4–10

arundinacea var. *brachytricha* Caspian (Korean feather reed grass) ○●

Upright green foliage holds strong form all summer. Pink-blushed flower spikes appear in late summer. Yellow foliage in fall adds interest.

38 and 72 Cell Height 4' Zones 4–10

Carex (Sedge)

appalachica ●●

Fine-textured green foliage forms graceful clumps. American native, tolerates dry shade.

72 Cell Height 12" Zones 3–8

buchananii 'Firefox' ○●

Foxy red-brown blades stand bolt upright. A Jelitto selection.

72 Cell Height 24" Zones 5–9

cherokeensis ●●

Slender blades of medium green. A native that prefers moist soil and some shade.

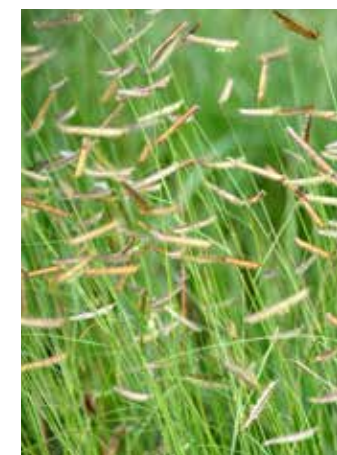

38 Cell Height 12–18" Zones 6–9.

Colorful Carex varieties selected by Pat FitzGerald of Kilkenny, Ireland.

Robust growers.

oshimensis Everest PP20955

Deep green blades with snowy white edges.

50 Cell

Height 17"

Zones 5-9

o. 'Everillo' PP21002

Blades emerge lime green, then turn golden yellow.

50 Cell

Height 19"

Zones 5-9

o. 'Everlime' PP25622

Deep green, arching leaves with bright lime-green edges.

50 Cell

Height 12"

Zones 5-9

o. 'Everoro' PP23406

Yellow and gold striped, like 'Evergold' but with improved form and vigor.

50 Cell

Height 18"

Zones 5-9

o. 'Eversheen' PP25938

Arching blades feature a broad band of lime yellow surrounded by green borders.

50 Cell

Height 12"

Zones 5-9

Chasmanthium

latifolium (River oats, Northern sea oats) ○●●

Seed clusters resembling oats dangle from bamboo-like foliage. Seed heads turn coppery-bronze in fall. Useful as a formal accent, in mass plantings, or in mixed containers. North American native.

38 and 72 Cell

Height 4'

Zones 5-9

l. 'Little Tickler' ○●●

Dwarf form of *latifolium* with bamboo-like foliage. Abundant dangling clusters of seed heads turn coppery-bronze in fall.

72 Cell

Height 18-24"

Zones 5-9

Chlorophytum (Shooting star grass) (syn. *Anthericum*)

saundersiae 'Starlight' PP28477 ○●

Constellations of starry white flowers dance above brightly variegated grass-like blades.

72 Cell

Height 3½'

Zones 8b-11

Cordyline (Ti plant, cabbage palm)

australis 'Charlie Boy' PP20139 ○

Burgundy and pink striped leaves with vibrant pink edges. Sturdy upright habit.

72 Cell

Height 2-3'

Zones 8-11

a. 'Red Sensation' ○

Upright clumps of burgundy-red, sword-like leaves. A striking tropical-looking accent for sunny border or container.

72 Cell

Height 3-6'

Zones 9-11

a. 'Red Star' ○

Very deep red spiky leaves form attractive upright masses. White flower spikes in early summer.

72 Cell

Height 3-6'

Zones 8-11

Cortaderia

selloana (White pampas grass) ○

Big and bold, with huge, feathery ostrich plume flowers swaying high above gray-green foliage.

38 Cell Height 5–6'
10–12' in flower Zones 8–10

s. **'Rosea'** (Pink pampas grass) ○

Similar in appearance to white pampas grass, but has plumes blushed with pink. Tolerates a wide range of soils and water.

38 Cell Height 6–7'
9' in flower Zones 8–10

Cymbopogon (Lemon grass)

Our starters are grown for ornamental, not culinary, use.

citratus ○

Forms handsome upright, slightly arching clumps. Light-green foliage is strongly lemon-scented. A tender perennial and herb that can overwinter in a sunny window.

38 Cell Height 2–3' Zone 9–11

Cyperus

involucratus (Umbrella sedge) ○○

Thin blades arranged like umbrella ribs on sturdy stems. Adaptable: can flourish in up to 6" of water, or simply in moist fertile soil.

38 Cell Height 3–6' Zones 8(7)–11

papyrus (Dwarf Egyptian papyrus) ○○

Fine leaves radiate from tall, upright stems. Vigorous. Loves water gardens, pond margins, or containers with no drainage.

38 Cell Height 2–3' Zones 9–11

Deschampsia

cespitosa (Hair grass) ○○○

Very fine, dark green, hair-thin blades form neat, tufted clumps. Clouds of slender flower panicles hover above the foliage. American native.

50 Cell Height 2–4' Zones 4–9

c. **'Pixie Fountain'** (Tufted hair grass) ○○○

Dense evergreen foliage clumps produce bright silvery-white flowers that mature to rich brown. A dwarf Jelitto selection, half the height of the species.

50 Cell Height 20–24" Zones 2–7

Eragrostis

spectabilis (Purple love grass) ○○

This North American native of sandy soils produces masses of reddish-purple panicle blooms. Beautiful when planted in large sweeps.

38 Cell Height 18–24" Zones 5–9

Erianthus (Hardy pampas grass)

ravennae (a.k.a. Saccharum ravennae) ○

Flower stalks soar high above handsome, gray-green mounds of foliage. Similar in appearance to *Cortaderia*.

38 and 72 Cell Height 5'
14' in flower Zones 6–9

Festuca (Fescue)

NEW! **arundinacea 'Glow Sticks'** PP34648 ○○○

Bright yellow flower spikelets in mid spring. Maintains its dark green foliage year-round.

50 Cell Height 2–3' Zones 3–8

×**'Cool as Ice'** PP27651 ○○

One of the more vigorous blue fescues, with outstanding heat tolerance.

50 Cell Height 12–18" Zones 4–8

glauca Beyond Blue PP23307 ○○

A blue fescue with good heat tolerance from European breeding.

50 Cell Height 6–10" Zones 4–8

g. 'Boulder Blue' ○○

Compact form with intense blue tufts of wiry, hair-like foliage.

50 Cell Height 6–10" Zones 4–8

g. 'Elijah Blue' ○○

The best-known ornamental fescue. Silvery-blue foliage forms a small, dense mound with flower spikes rising a foot above.

50 Cell Height 6–10" Zones 4–8

sp. Eilers Beauty® ○○○

Fine-textured matte green foliage. Adaptable to tough conditions, even dry shade. Beautiful bright tan seed heads rise above the foliage on stiff red-tinged stems. Collected by Henry Eilers.

50 Cell Height 8–20" Zones 4–8

Cortaderia selloana

Cymbopogon citratus

Cyperus involucratus

Juncus t. Blue Dart

Leymus a. 'Blue Dune'

Lomandra l. 'Miner's Gold'

Melinis n. 'Savannah'

Hakonechloa (Japanese forest grass)

macra ●●

Rich green bamboo-like foliage forms graceful cascading mounds. This solid green beauty is more tolerant of sun, drought, and cold than variegated forms.

50 Cell

Height 1-3'

Zones 5-9

m. 'All Gold' ●●

Golden, ribbon-like leaf blades create a welcome bright spot at the edge of a shady area.

50 Cell

Height 18-24"

Zones 5-9

m. 'Aureola' ●●

Slow-growing, golden variegated grass for shade or container. Graceful, arching, flowing habit. Hints of red and pink in fall. **Perennial Plant of the Year 2009.**

50 Cell

Height 18-24"

Zones 5-9

Helictotrichon (Blue oat grass)

sempervirens ○●●

Upright powder-blue foliage with tawny flower stems.

50 Cell

Height 2-2½'

Zones 4-9

s. 'Saphirsprudel' (Sapphire Fountain) ○●●

Bright silver-blue foliage.

50 Cell

Height 2-2½'

Zones 4-9

Isolepis (Fiber optic grass)

cernua ○●

Dense mounds of fine, hair-like blades. Perfect at water's edge, in containers, or in a moist location.

38 Cell

Height 10-12"

Zones 7-10

Juncus (Rush)

effusus 'Big Twister' (Corkscrew rush) ○●

Deep green cylindrical foliage twirls in bold, upright spirals, creating a unique modern look.

38 and 72 Cell

Height 18-24"

Zones 5-11

filiformis 'Spiralis' (Thread rush) ○●

Dark green, wiry foliage grows in corkscrew spirals. A great bog or pond plant. Prefers very moist to wet conditions.

38 and 72 Cell

Height 14"

Zones 5-11

COLORGRASS® Collection

A series of species grasses picked for perfect pot performance.

inflexus Blue Arrows ○●

Blue-green foliage with a strong, upright habit. Prefers moist conditions and can be used as a pond plant.

38 and 72 Cell

Height 2-4'

Zones 5-9

tenuis Blue Dart ○●

Tidy, compact, spiky sprays of narrow blue-green foliage. Loves wet feet but can tolerate a range of moisture levels.

72 Cell

Height 12-18"

Zones 3-9

Leymus (Blue lyme grass)

arenarius 'Blue Dune' ○●●

Bluer and more tolerant of heat and humidity than the species. Tolerates sand, sun, and drought. Strong spreader, useful as a ground cover.

38 Cell

Height 3-4'

Zones 4-9

Lomandra (Mat rush)

A grass-like genus known for its drought tolerance and low-maintenance once established.

longifolia 'Miner's Gold' PP33984 ○●

Narrow bright golden-yellow foliage forms a tidy mounding habit.

50 Cell

Height 2-3'

Zones 8-11

Melinis (Ruby grass)

nerviglumis 'Savannah' ○

Pink flower plumes emerge in summer. Blooms carry well into fall. Showy as a container or garden specimen.

50 Cell

Height 18-24"

Zones 9-11

Miscanthus (Japanese silver grass, Maiden grass)

INFERTILE × <i>giganteus</i> (Giant Miscanthus) ○ Magnificent upright clumps of wide green leaves. Flower stalks soar to 10'. Light pink plumes mature to silver. Infertile, won't self-sow. A bold garden statement.	21 Cell	Height to 10'	Zones 4–10
'Purpurascens' (Autumn flame grass) ○ Brilliant red-orange, late-season hue steals the show in the fall garden! A great hardy selection for northern climates. Moist, well-drained soil.	38 and 72 Cell	Height 3–5'	Zones 4–8
<i>sinensis</i> 'Adagio' (Dwarf maiden grass) ○ Neat compact mounds with prolific blooms. Narrow green foliage arches nicely. Excellent selection for smaller gardens and large containers.	38 and 72 Cell	Height 4–5'	Zones 6–10
INFERTILE s. Bandwidth™ ('NCMS2B') PP29460 ○ Broad, bright gold bands span rich green blades. Forms full, compact stands. An infertile introduction from NC State via Darwin Perennials.	38 and 72 Cell	Height 2–3'	Zones 5–10
s. 'Gold Bar' ○ Heavily adorned with horizontal gold stripes. Slow growing, with tight, upright spiky habit, perfect for landscape or container.	38 Cell	Height 3–5'	Zones 6–10
s. 'Gold Breeze' PP22311 ○ Slender and compact. Pleasing vertical habit. Heavy horizontal cross-banding like 'Gold Bar', but larger and more vigorous.	38 Cell	Height 5–7'	Zones 5–10
s. 'Gracillimus' (Maiden grass) ○ Graceful, rounded form and delicate narrow green foliage. Attractive copper-red blooms in October.	21, 38 and 72 Cell	Height 7'	Zones 5–10
s. 'Graziella' ○ Fine green blades, more upright and arching than 'Gracillimus'. Red-orange in fall.	38 Cell	Height 5–7'	Zones 5–10
INFERTILE s. High Frequency™ ('NCMS3') PP34712 ○ Upright form with arching blades heavily cross-banded with gold. An infertile variety from NC State via Darwin Perennials.	38 Cell	Height 5'	Zones 5–10
NEW! s. 'Lady in Red' PP36870 ○ Neat, compact habit with striking red foliage in fall. Silver-white plumes.	38 Cell	Height 3–5'	Zones 5–9
s. 'Little Kitten' (Dwarf maiden grass) ○ A petite upright, arching habit with narrow, green foliage topped with plumes in late summer and fall. Perfect for containers and smaller plantings.	72 Cell	Height 1–3'	Zones 5–10
s. 'Little Zebra' (Dwarf zebra grass) ○ A superb dwarf version with strong, horizontal gold banding on narrow blades. Reddish-purple plumes appear in August.	38 and 72 Cell	Height 3–4'	Zones 6–10
s. 'Malepartus' (Japanese silver grass) ○ Extraordinarily large, abundant blooms emerge purplish pink, then mature to silver. Foliage color deepens to bronze in fall.	38 Cell	Height 5–7'	Zones 5–10
s. 'Morning Light' (Variegated maiden grass) ○ Compact, with fine texture and neat arching form, like 'Gracillimus' with white edges. Reddish-bronze plumes appear as late as October.	38 and 72 Cell	Height 3–5'	Zones 5–10
INFERTILE s. Morning Sun™ ('TiftM78st') PPAF ○ Gold horizontal bars on arching foliage. Similar form to 'Zebrinus'. Another infertile introduction from UGA.	38 Cell	Height 6–8'	Zones 5–10

INFERTILE MISCANTHUS

Along with traditional Miscanthus varieties, we offer a full lineup of infertile Miscanthus. These varieties have been bred to be functionally sterile, or rarely produce viable seed, valuable for those in areas where reseeding may occur. **Be confident in your Miscanthus selections with Emerald Coast Growers!**

ECG INTRODUCTION

Miscanthus (continued)

INFERTILE s. My Fair Maiden™ ('NCMS1') PP26387 ○

Lush, upright/arching blades, bright rich green with white midrib, form graceful masses topped with buff blooms in late summer. An infertile introduction from NC State via Darwin Perennials.

38 Cell

Height 6–9'

Zones 5–10

MYSTAL™ Collection

s. Mystal™ 'Fire Dragon' PP30374 ○

Upright green foliage segues in autumn to a range of vivid reds and oranges. Silvery flower plumes.

38 Cell

Height 6–7'

Zones 4–10

s. Mystal™ 'Little Miss' PP28849 ○

Arching blades emerge green, then turn red-purple. Center leaves stay green for striking bicolor effect. Reddish plumes mature to buff. Forms tidy clumps.

38 and 72 Cell

Height 2–3'

Zones 4–10

s. 'Oktoberfest' PP27074 ○

Burgundy/bronze flower plumes that mature to silver. Wide upright/arching green foliage turns rich purple-red from late summer on.

38 Cell

Height 5½'

Zones 5–10

s. Red Cloud® PP30802 ○

Prolific brilliant-red flower plumes. Compact clumps of upright/arching solid green blades.

38 Cell

Height 3½'

Zones 5–10

s. 'Rigoletto' (Japanese silver grass) ○

Compact, with strong, creamy-white and green longitudinal variegation. Growers love its outstanding pot performance.

38 and 72 Cell

Height 3–5'

Zones 5–10

INFERTILE s. Scout™ ('M77') PP30402 (Maiden grass) ○

Slender green blades with white midribs take on spectacular fall color. Similar form to 'Gracillimus'. A handsome infertile introduction from UGA. An Emerald Coast Growers exclusive.

38 and 72 Cell

Height 5–6'

Zones 5–10

s. 'Silberfeder' (Silver feather grass) ○

Feathery seed heads gracefully arch over deep green blades with distinct silver midribs. Among the most cold hardy of the species.

38 Cell

Height 6–7'

Zones 4–10

s. 'Strictus' (Porcupine grass) ○

Banded variegation of golden-yellow bars and stiff, upright growth habit call to mind porcupine quills. Tolerates a wide range of soils.

38 and 72 Cell

Height 7–9'

Zones 5–10

s. 'Variegatus' (Variegated Japanese silver grass) ○

Arched white- and green-striped foliage creates wide mounds. Blooms mid-September.

38 and 72 Cell

Height 5–7'

Zones 5–10

s. 'Zebrinus' (Zebra grass) ○

The original selection with golden horizontal bars. Habit is more arching than that of *M. 'Strictus'*. Pinkish copper blooms appear in September.

38 and 72 Cell

Height 8'

Zones 5–10

INFERTILE s. var. condensatus 'Cabaret' (Japanese silver grass) ○

Ultra-wide blades with creamy-white centers and dark green margins. Impressive as a specimen and in masses. Rarely if ever produces viable seed.

38 Cell

Height 9'

Zones 5–10

s. var. c. 'Cosmopolitan' (Japanese silver grass) ○

Broad of blade, like 'Cabaret' but with exactly reversed variegation. Creamy-white margins surround deep green centers.

38 Cell

Height 9'

Zones 5–10

Muhlenbergia (Muhly grass)

capillaris ○

Soft clouds of delicate pink seed panicles emerge in late summer/early fall. Fine dark green, slightly glossy foliage. Mass for greatest effect in the garden. North American native.

72 Cell

Height 2–3½'

Zones 6–10

c. Fast Forward® ○

An Emerald Coast Growers introduction! Flowering can begin in August, significantly earlier than others. Delicate purple flowers rise over symmetrical, compact mounds of fine foliage. A more rounded and fuller form than the species.

72 Cell

Height 2–3'

Zones 6–10

c. 'Pink Cloud' ○

Glittering clouds of vivid pink flowers. Open and airy as the species, but taller and more uniform in bloom.

38 Cell

Height 3–4'

Zones 6–10

Muhlenbergia (continued)

c. 'Ruby' ○ Selected by Benary Seed. Rich pink plumes dazzle in sunlight. A wonderful grass for massing.	38 Cell	Height 2–3'	Zones 6–10
c. 'White Cloud' ○ Fluffy white panicles over thin green foliage from late summer through winter. Heat, drought, and humidity tolerant. Selected by Superior Trees in Florida.	72 Cell	Height 3–4'	Zones 6–10
dumosa ○ “Bamboo muhly” has a look unlike any other in the genus. Fine, pale green leaves on arching stems that resemble bamboo stalks. A Southwestern native.	38 Cell	Height 4'	Zones 8–10
lindheimeri ○ A heat-lover from Texas. Fine, blue-green leaf blades create a stunning mound. Thick, white flower plumes emerge in September. North American native.	38 Cell	Height 3–5'	Zones 6–10
reverchonii Undaunted ® ○ Showy deep-pink flower spikes. Hardier than most of the genus. A Plant Select® introduction. Native to TX and OK.	38 Cell	Height 2–3'	Zones 5–9

Nassella (Mexican feather grass)

tenuissima (AKA <i>Stipa</i> Pony Tails) ○ Very fine, thread-like green foliage ends in straw-colored seed heads. A cool season grass, evergreen in mild regions. Drought tolerant. American native.	NEW SIZE! 72 Cell	Height 18–24"	Zones 6–10
--	--------------------------	---------------	------------

Panicum (Switch grass)

virgatum ○ A warm-season native of tall grass prairies, sturdy and low maintenance. Attractive yellow fall coloring. Tolerates a wide range of soils. American native.	38 Cell	Height 4–8'	Zones 4–10
v. 'Cloud Nine' ○ One of the taller switch grasses. Blue-green leaves and an upright habit. Turns an attractive dark-gold in autumn. Tolerates a wide range of soils. An American native.	38 Cell	Height 7'	Zones 4–10
v. 'Dallas Blues' ○ Large, pastel-pink seed heads over wide blue leaves. An American native.	38 Cell	Height 5–6'	Zones 4–10
v. DREAM CATCHER® Series ○ From Dave MacKenzie, Hortech Inc.	38 Cell	Height (as shown)	Zones 4–10
NEW! v. Cherry Bomb ™ ('Nonbmob') PPAF Red-tipped foliage in spring, turning increasingly red through summer and fall. A standout for its colorful foliage and round, tidy habit. Height 2 ½'			
v. Huggy Purple ® ('Nonelpr') PPAF Arching green foliage with sprays of purple panicles in midsummer. Foliage darkens to purple as summer progresses. Height 5'			
NEW! v. Lightning Bolt ® ('Nongtlobg') PP36395 Very sturdy and columnar habit with mid green foliage. Height 6 ½'			
NEW! v. Lion's Mane ™ ('Nonenams) PPAF Round, compact habit with bright green foliage, covered with glowing, golden flower sprays. Height 2 ½'			
v. Smoky Rose ® ('Nonesory') PP36511 Compact and tidy habit. Round spray of flowers sits atop upright columnar foliage giving a bouquet-like appearance. Height 3½'			
v. Tumbleweed ® ('Nondee') PP36232 Early flowers are bright purple turning darker into fall. Wispy panicles and foliage form a unique spherical shape. Tidy and compact. Height 3'			

v. 'Heavy Metal' ○ Glaucous blue leaves. Its strongly upright habit creates a columnar shape topped with delicate seed heads. Tolerates a wide range of soils. An American native.	38 and 72 Cell	Height 5'	Zones 4–10
v. 'Hot Rod' PP26074 ○ This Emerald Coast Growers introduction revs up into the red zone earlier than other switch grasses. Firmly upright blades emerge blue-green, reddening rapidly until the whole plant is a rich, deep maroon. An American native.	38 Cell	Height 3–3½'	Zones 4–10
v. 'Northwind' ○ Red flower panicles float over wide, steel-blue foliage. Golden yellow in fall. A strong, fast, upright pick by Roy Diblik, Northwind Perennial Farm. Perennial Plant of the Year 2014.	38 Cell	Height 7'	Zones 4–10

38 Cell Height (as shown) Zones 3-10

s. Exclamation Point® ('Nontnio') PPAF

Unique upright pincushion-like habit. Flecks of purple and maroon appear in summer on bluish-green foliage. Height 2½'

NEW! s. Mystic Purple™ ('Nonelpru') PPAF

Powder-blue foliage with a vase-shaped habit. Tones of purple and ruby red develop in summer. Height 2½-3'

Phalaris a. 'Strawberries and Cream'

Schizachyrium s. 'Blaze'

Schizachyrium s. Blue Heaven™

Schizachyrium s. 'Carousel'

Schizachyrium s. 'Chameleon'

Schizachyrium s. Free Spirit® Exclamation Point®

Schizachyrium s. Free Spirit® Mystic Purple™

Schizachyrium s. 'Little Red Fox'

s. 'Little Red Fox' PP36738 ○

Fine-textured blue-green foliage in spring with red highlights beginning midsummer. With cool nights, foliage takes on tones of red, purple and silver. Very sturdy habit through winter. From Intrinsic Perennial Gardens.

38 Cell Height 2-2½' Zones 3-10

Schizachyrium (continued)

<p>s. 'Prairie Blues' ○</p> <p>Pewter-blue ribbon-like foliage bears silver seed heads in late summer. Orange highlights in autumn.</p>	38 Cell	Height 3'	Zones 3-10
<p>s. 'Sandhill' PP36359 ○</p> <p>A stand-out from other bluestems with wider, flat blades. Named for the Sandhill crane for its upright stature and gray-blue foliage. Fall colors of orange and red. From Intrinsic Perennial Gardens.</p>	38 Cell	Height 4-4½'	Zones 3-10
<p>s. Shining Star™ ('ECGSS') PP33433 ○</p> <p>Bright basal foliage gleams with green and creamy white stripes. Cooler temperatures, spring and autumn, bring a kiss of pink. Flower stems stand tall with no lodging. An Emerald Coast Growers introduction!</p>	38 Cell	Height 1-2½'	Zones 3-10
<p>s. 'Smoke Signal' PP27433 ○</p> <p>Glaucous blue-green upright foliage turns red, then deep red-purple in autumn. Tiny tan seed heads. Stays tall through fall.</p>	38 Cell	Height 3-4'	Zones 3-10
<p>s. 'Standing Ovation' PP25202 ○</p> <p>Thick blades and sturdy stems keep this selection standing tall. Blue-green foliage, purple at base, turns fiery scarlet in fall.</p>	38 Cell	Height 3-4'	Zones 3-10
<p>s. 'The Blues' ○</p> <p>Prized for its cool blue and purple hues. Selected at Mt. Cuba research center.</p>	38 Cell	Height 2-4'	Zones 3-10
<p>s. 'Twilight Zone' PP27432 ○</p> <p>Silvery mauve-purple cast to foliage in summer. Takes on red/purple tones in fall.</p>	38 Cell	Height 4-4½'	Zones 3-10

Sesleria (Moor grass)

<p>autumnalis (Autumn moor grass) ○●</p> <p>Bright lime-green foliage and small, frosty-white flower spikes in midsummer. Excellent ground cover when mass planted. Evergreen in Zone 7.</p>	38 Cell	Height 20"	Zones 4-9
<p>caerulea (Blue moor grass) ○</p> <p>Neat, dense tufts of two-toned leaves, glaucous blue-green on top, deep green underneath. A slight twist to the blades shows both colors nicely. Small, dark purple flower panicles appear in spring and age to silvery green.</p>	38 Cell	Height 8-12"	Zones 4-7

Sorghastrum (Indian grass)

<p>nutans Golden Sunset™ ('MNYG318153') PP33776 ○</p> <p>An early-flowering form with large golden plumes above wide, olive-green blades. A tight upright habit makes this native garden worthy. Selected at Minnesota Landscape Arboretum.</p>	38 Cell	Height 4-5'	Zones 3-10
<p>n. 'Indian Steel' ○</p> <p>A warm-season, clumping North American native grass with metallic-blue foliage. Upright, reddish-brown flowers with yellow anthers bloom from July to frost.</p>	38 Cell	Height 4-6'	Zones 3-10

Sporobolus (Prairie dropseed)

<p>heterolepis ○</p> <p>A graceful American native. Fine, emerald green arching blades. Lightly scented blooms in fall. Gold-orange fall foliage fades to creamy-white in winter.</p>	38 Cell	Height 2-3'	Zones 3-9

A picture says a thousand words.

Plant tags have tremendous power. A plant in its prime at the height of the season will sell itself, but tags help close the deal anytime. Our color picture tags make your ornamentals' potential tangible, showing your customers a beautiful, mature plant even when the real thing isn't at its peak. Finally, tags aren't just a pretty face: they provide the practical growing information your customers need to succeed.

Ask for picture tags with your next order.

- Email address
- Requested ship date
- Preferred shipping method
- Method of payment
- Include picture tags with order, Y/N

PAYMENT TERMS

For customers with credit already approved by ECG, terms are Net 30 days. A finance charge of 1.5% per month is added to past-due invoices.

If you do not have an account and wish to establish credit, please call our office.

We accept American Express, Discover, MasterCard, Visa and PayPal.

Due to the nature of our products, we cannot accept COD orders.

Prepayment by check or money order is welcome, but please, always check availability before mailing payment. All prices and products are F.O.B. Pensacola, FL, or F.O.B. Lancaster, PA.

MINIMUM ORDERS

Our minimum order is just one (1) tray.

PHYTOSANITARY CHARGES

All orders shipping to Canada or other countries require an additional fee of \$50 for Phytosanitary documents.

VOLUME DISCOUNTS

Volume discounts apply to the cost of plants, not to freight, packing, royalties, or any additional charges incurred. Discounts are per order.

25 + trays = 6% off list	150 + trays = 12% off list
50 + trays = 8% off list	200 + trays = 14% off list
100 + trays = 10% off list	

Or you can inquire about our annual discount option.

GUARANTEE

We guarantee our plants to be true-to-name and viable upon arrival. Our liability is limited to the purchase price of the plants.

CLAIMS

To serve you better, if there is a problem with your shipment, please contact us promptly. We want to identify and resolve any problems.

If boxes or plants are visibly damaged on arrival, note the damage with the delivery driver, then notify us.

The best way to communicate the problem is by email, with a description and picture(s) of the plant material in question. Cell phone pictures are fine. Email to your broker representative, and/or directly to Emerald Coast Growers at sales@ecgrowers.com.

In all but the most extreme cases, accept the delivery and keep a record of any losses. We will handle claims with the carrier as necessary, and arrange credit and/or replacements.

DORMANT PLANTS

In winter and early spring, you may open our boxes and find starters with brown leaves, or even no leaves. What's wrong? Probably nothing. Your plants are simply dormant.

Perennials rest in winter, storing precious energy in their roots, ready to push out new growth when warm weather returns. It's natural for foliage to turn brown or drop off. **Examine the roots.** They should be firm and fleshy, not soft and mushy.

Most perennials benefit from a cold period, and some absolutely require it to flower. Vernalized plants often out-perform those that have had it too soft. If you're unsure, just wait. Keep your trays evenly moist, NOT sopping wet, in a warm, bright house. When clear signs of life appear, pot up as usual.

Don't frown at the brown. Brown is beautiful. Like the rest of the world, your starters will be lush and green again before you know it.

CUSTOM GROWN ORDERS

Don't see what you want in a size that suits your needs? We will custom grow, year-round, many perennials and ornamental grasses in sizes other than our spec production. Quantity restrictions apply.

Please call or email your request. We will provide a price quote and earliest ready date for your order.

SHIPPING

BOXED SHIPMENTS

We pack every box at maximum safe capacity for the lowest possible landed price. Boxes may contain one, two, or three trays depending on product. Add \$3.50 per tray packing charge. Boxed shipments are delivered by FedEx and UPS, F.O.B. Pensacola, FL or F.O.B. Lancaster, PA.

ONE-WAY WOODEN RACKS

For larger orders we use wooden racks, delivered by common carrier. Add \$3.50 per tray packing charge. Call for a freight quote, F.O.B. Pensacola, FL or F.O.B. Lancaster, PA.

GROWER TRUCK

Our trucks are climate-controlled for the best possible plant quality delivered to your door. Local and long-distance delivery are both available. Minimum orders apply. Packing charges do not apply. Call for a freight quote.

CUSTOMER PICKUP

Pickup Location: Milton, FL or Lancaster, PA. **With advance notice**, we offer customer pickup for an entire order (FL- and PA- grown material) at either location. Boxing is available at \$3.50 per tray. Orders are pre-scheduled for pickup Wednesday through Friday. Orders not picked up will be scheduled to ship the following Monday. Orders cancelled after scheduled pickup date are subject to a restocking fee.

RESTOCKING FEE

Orders canceled within 3 days of requested ship week are subject to a restocking fee of \$250 or 20% of invoice, whichever is less.
